

CASE HISTORY

Inflatable EASY-ARCH

This customise inflatable arch is ideal for your sporting, festival, and school events. Because of its impressive size, the advertising arch enhances your company's visibility in an undeniable way.

INDUSTRIES

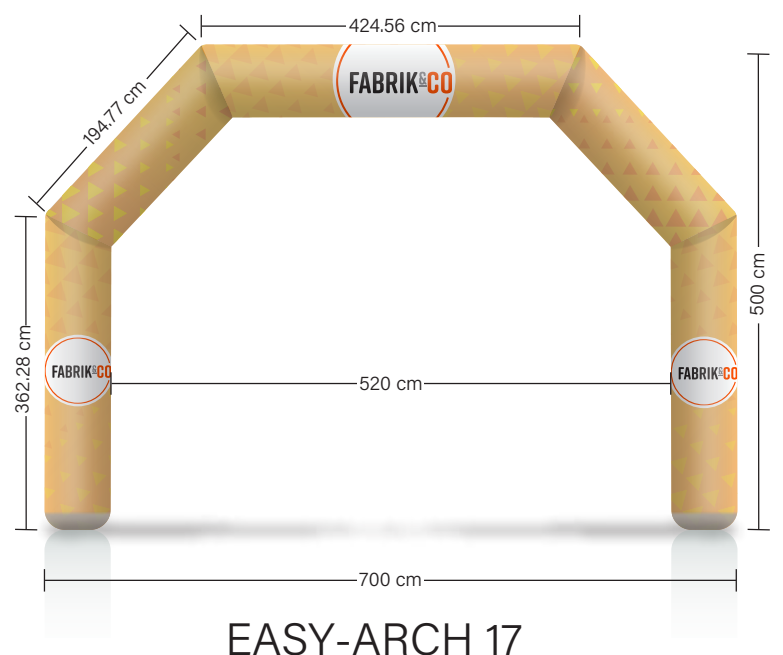

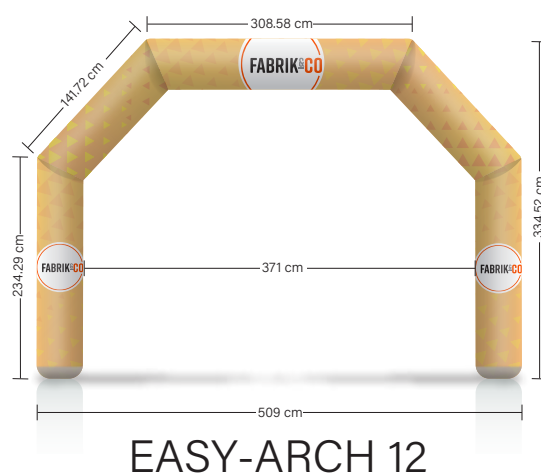

This customise inflatable arch is ideal for your sporting, festival, and school events. Commercial events such as marathon, trade shows, grand opening events. They are used to attract attention, guide foot traffic, and provide a unique branding opportunity for sponsors and organizers.

BENEFITS OF USING EASY-ARCH

EASY-ARCH can be created in as little as 2 weeks, helping you to complete a project in a very short time. Unlimited color design all around the structure, it's autonomous, lightweight and stable. The inflatable EASY-ARCH comes with an integrated continuous blower which requires electricity. Simply connect it to a power source and it continuously blows air into the arch.

Transportation bag included.

Wash-able, waterproof, fire retardant, heat transfer sublimation.
